

An Entrance to Remember

Front-door color inspiration for a thoughtful first impression.

FOUR DIRECTIONS TO EXPLORE

Iron Ore

SW 7069

Deep charcoal

Warm Stone

SW 7032

Earthy taupe

Evergreen Fog

SW 9130

Muted green-gray

Cavern Clay

SW 7701

Warm terracotta

WHY THE FRONT DOOR MATTERS

The door gives the entry a focal point and helps the exterior feel considered. Charcoal adds contrast. Taupe echoes earthy stone. Muted green relates to landscaping, while terracotta brings warmth to compatible brick and masonry. Choose a color that works with the siding, roof and trim, rather than in isolation.

Test on the actual door; confirm HOA rules and a suitable exterior paint.

Illustrative colors and photos. Confirm with physical samples before painting.

Color names and codes: Sherwin-Williams. Select a swatch for its official page.
